MOTHER JOHNSON'S DEDICATION

Dear Graduates,

Leaving the safe, dependable embrace of the Sacred Heart School to set out on new adventures is what graduating is all about. Like every journey, graduation is fraught with mixed emotions running the gamut from sheer elation to absolute terror. However, remember that, although you leave behind you the school building on top of the hill, you remain an integral part of the Sacred Heart family.

For the past five years we have tried hard to help you in both knowledge and caring for others. Each one of you has acquired some trait to help make this world a little better, a little stronger. Some of you will take your places in society as columns, pillars, colonnades and shafts, lending strength and stability. Others will choose to soar and inspire, rather like towers or obelisks. Whatever role you will decide on for yourselves, I am confident that the foundations you will build on are solid imbued as they are with the spirit of Sacred Heart.

Dear Graduates

One success or accomplishment often means the ending of a part of life and the beginning of another. May all of the endings of your lives be as full of accomplishment as graduation and may all of the new beginnings be as eagerly anticipated.

God bless!

What a wonderful time of your life this is! You now realize why the June Graduation Ceremony is called a Commencement. It is a time of new beginnings for each one of you. Life is filled with wonderful, exciting possibilities. You approach your future filled with hope and you have good reason to do so. The education you have received at Sacred Heart has taught you to be open to new experiences. You have developed an inquisitive spirit that I hope will remain with you all through life. You have a realistic awareness of the world around you and a deep concern for all people who inhabit this world. Best of all, you have the security that comes from being loved and appreciated as the unique person you are by your classmates and teachers. I wish you great success in all your new beginnings. I will miss you.

Dear Friends,

As you flip through the pages of this book you will be filled with memories of your final year at the City House. It would appear that we spend a good deal of time looking back. As we go through life it is hoped that we constantly try to live each day to the fullest for, although we can always enjoy looking back upon the past, we cannot recover a yesterday. What of the Future?

When I thought about this for a while, I remembered the scripture passage we often hear, 1 Corinthians 13:1-13. It tells how we cannot see clearly what is to come but we should remember what always remains, Faith, Hope, and Love. No matter what the future has in store for us, if we have these qualities of Faith, Hope, and Love we will be well prepared.

To my teachers: You have opened my eyes and taught me more than what's in the books . . .

To my buddies: Heidi, Sia, Lisa, Catherine, Martine, Carlene, Ilga, Monica, and all of my friends, here and overseas - A wonderful mixture of laughter and tears has provided memories unforgettable and a steady base from which to grow . . .

To Papá, Mum, Maria, Judy, Tommaso, and Patsy: I love you and appreciate all that you have given me . . . more than you will ever know . . .

THANK YOU . . .

The challenge continues . . . : There are three things to aim at in life - first to know what you want, then to get what you want and after that . . . to enjoy it. Only the wisest of mankind achieves the third . . .

And never forget **ITALIANS DO IT BETTER . . . CIAO!**

THANKS FOR EVERYTHING, IT'S BEEN
A GREAT FIVE YEARS! TAKE CARE,
LOVE, THE M.B.C.

MESSAGE FROM THE MOTHER'S GUILD:

Dear Graduates,

The spirit of your school song follows you as you step out into the world. What memories of the past five years you, children of the Sacred Heart, will have to savour. It is true that life brings its challenge. However, reflecting on your Sacred Heart training will enable you to surge ahead with the confidence needed to overcome the obstacles you encounter. You, young ladies, have been carefully guided by the loving City House teachers and community. As a result of their nurturing, you have developed an enduring bond with a worldwide Sacred Heart family.

May the words, "O Gray and Blue we're ever true to you", remain forever in your hearts.

The Mothers' Guild is grateful to Mrs. Josephine Rossi, Advisor, to Karen Beviere, Editor, and to the students of the Memory Book staff for the competition of your memories at The Sacred Heart School of Montreal. Our best wishes for the future go to each 1989 graduate.

Sincerely,

(Mrs.) Gweneth Thirlwell
President - Mothers' Guild

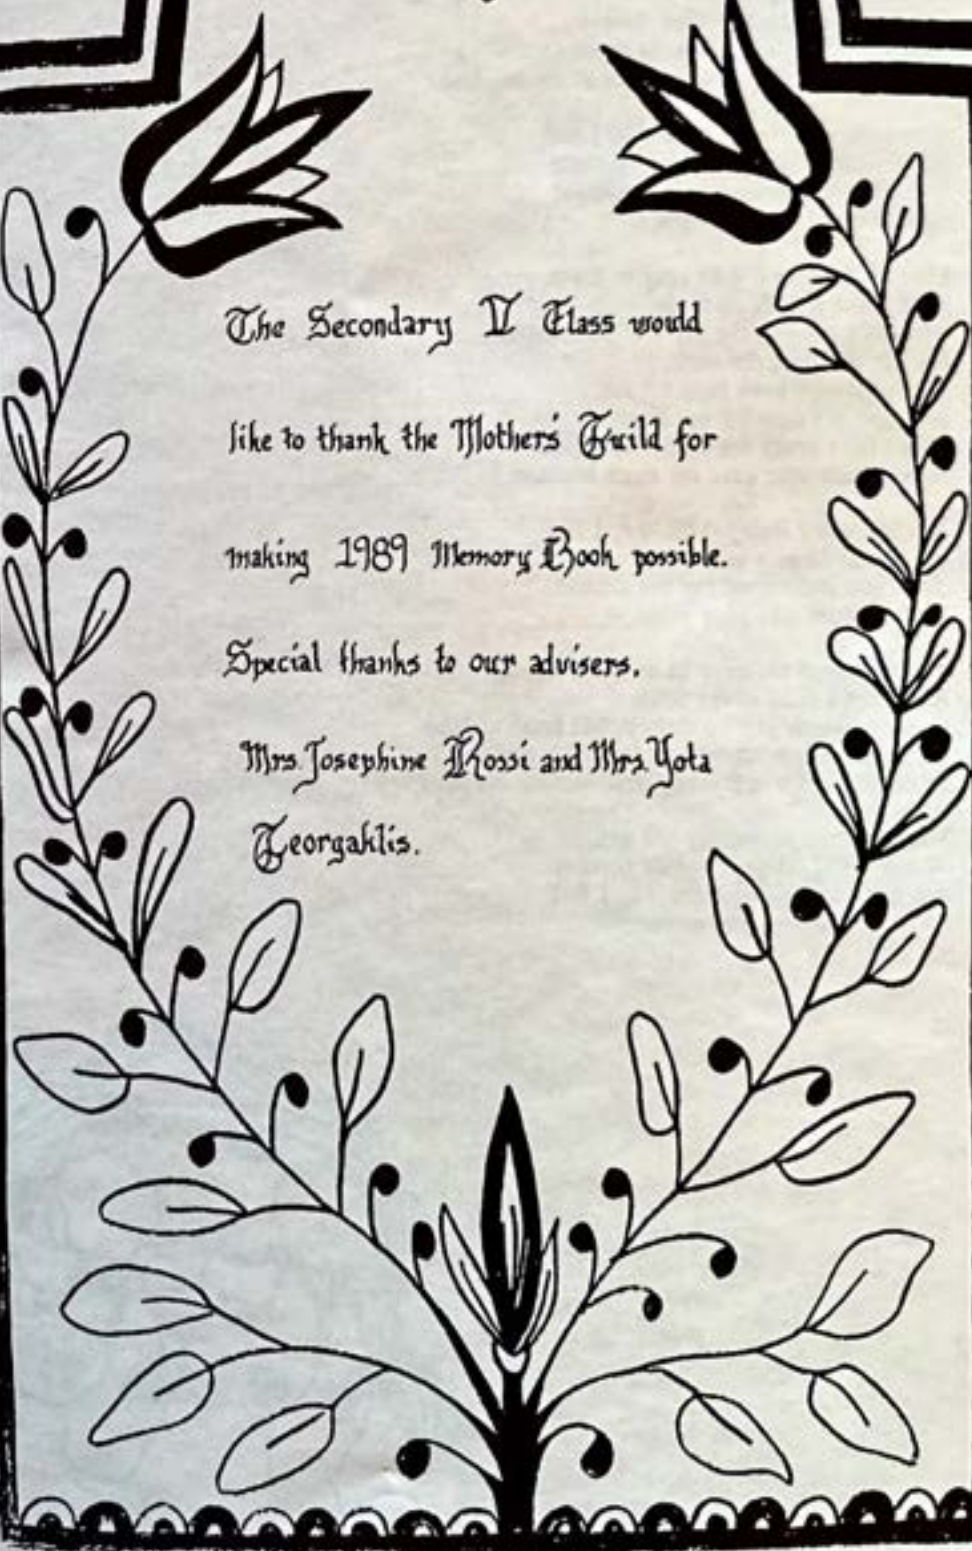

The Secondary V Class would
like to thank the Mothers' Guild for
making 1989 Memory Book possible.

Special thanks to our advisers,

Mrs. Josephine Rossi and Mrs. Yota
Georgaklis.

YOU CAME

Someone I know is staring at me
And when I look into her eyes
I see the girl that I used to be
I hardly recognize
'Cos in the space of five years
I've seen new things in me appear
All of the friends I now hold precious
They will always mean so much to me because

You came and changed the way I feel
No one could love you more because
You came and turned my life around
No one could take your place

I always thought it'd be easy to leave
Now I find it difficult to do
You can't imagine the joy you've brought
My life won't be the same
You've always been here for me
And now it's time for me to go
'Cos I have never felt such inspiration
Nobody else ever gave me more because

You came and changed the way I feel
No one could love you more because
You came and turned my life around
No one could take your place

You've helped me grow in so many ways
And when I think of it I smile
So many people just go through life holding back
They don't say what they want until it gets too late
So thank you for everything you've done because

You came and turned my life around
No one could take your place because
You came and changed the way I feel
No one could love you more
